## Support Louisville IT Professionals

### About LouMUG

The Louisville Microsoft Users Group (LouMUG), founded in 2008, provides a regular forum for Louisville's information technology community, centering around the Microsoft ecosystem.

The group typically meets monthly at lunch, generally for a panel or presentation on a Microsoft technology or an industry trend.

LouMUG's primary goals have always been and will continue to be educational and informational, and it would not be possible without the help and generosity of its supporters.

### Join Us With Quarterly Sponsorship

#### **PLATINUM \$3,500**

Platinum Quarterly Sponsors enjoy top-tier exposure for three consecutive months. Your brand will stand out with prominent logo placement across all marketing content—emails, social media, and event signage. You'll receive recognition at every LouMUG event during the quarter, opportunity to speak/present, give away swag, and full access to attendee lists.

#### **GOLD \$2,000**

Maintain strong visibility throughout the quarter with logo placement on all marketing materials and recognition at each LouMUG event. Gold Sponsors receive access to attendee lists for the sponsored quarter and have the option to provide raffle prizes or promotional items, ensuring meaningful engagement with the community.

#### **MEETING \$1,000**

Sponsor a single LouMUG meeting and connect directly with a focused audience of IT professionals. This includes logo placement on all marketing for that event, recognition during the meeting, and access to the attendee list for your sponsored session. It's a simple, high-impact way to engage with the community without a long-term commitment.
